SUMMARY

I am a dedicated Front-End Developer with hands-on experience in building dynamic and responsive web and mobile applications. My technical proficiency includes the MERN stack—React.js, Node.js, Express.js, and MongoDB—coupled with a strong foundation in programming and problem-solving. I excel in creating user-friendly interfaces with a focus on performance optimization, aligning with my goal to contribute to impactful projects. I am actively seeking an entry-level opportunity where I can continue to grow and deliver value in a collaborative, fast-paced environment

SKILLS

Python	C	MongoDB	SQL
Java script	HTML	CSS	React Js

PROJECTS

Shopping Website

- 08/2024 - 09/2024 Kolkata
